## 25° FSKA/FSKAW World Karate Tournament - Portugal 2025

Dear Friends,

We hereby invite you to take part in the **25° FSKA WORLD KARATE TOURNAMENT-PORTUGAL 2025**, to be held on 14-16 November 2025 in PORTUGAL, in the city of Almada (Pavilhão dos Desportos).

Almada is a city on the outskirts of Lisbon, close to beautiful beaches and with easy access to the centre of the capital (the bus journey to Lisbon takes around 15 minutes) where Lisbon International Airport is located.

Our organization provides buses to take and pick up Delegations to and from the airport, as well as from hotels to the Sports Pavilion and back, should that be your intention.

The **Tryp Lisboa Caparica Mar Hotel** is a **four-star hotel (Headquarters Hotel)** very close to the **Sports Pavilion** (15 minutes by bus). This hotel is exceptionally well located, situated in a fishing village (**Costa da Caparica**) and with a beach front. The average climate at this time of year is around 17-23 degrees Celsius during the day but easily reaches 29 degrees Celsius, as we usually call the summer in November. During the summer it is one of the most visited places in Portugal for holidays, to enjoy the beach, swimming, surfing and many other water activities.

**All information** about **Championship, Hotels, Transfers and Meals** during Competition can be requested via: **Hanshi José Chagas** +351 932525638 Email: [mestrekarate\\_kps@hotmail.com](mailto:mestrekarate_kps@hotmail.com)

It is advisable that each interested person (*or Entity*) subscribe the FB community, in order to be informed first hand of each update that is carried out on event website.

The transit and stay in Portugal is conditioned by the issuance of VISAs for people from some countries (especially outside *Europe*). These cases need to be treated with due advance, and their need can be found at <http://portugal.visahq.com> or at [http://embassy-finder.com/portugal\\_visa](http://embassy-finder.com/portugal_visa). ### 2. Portugal & Almada

**Portuguese Republic** it is located in South-Western Europe, on the Iberian Peninsula, and it is the westernmost country of mainland Europe, being bordered by the Atlantic Ocean to the west and south and by Spain to the north and east.

Aside from continental Portugal, the Portuguese Republic holds sovereignty over the Atlantic archipelagos of *Azores* and *Madeira*, which are autonomous regions of Portugal.

**Portugal** is among the 20 most visited countries in the world, receiving an average of 13 million foreign tourists each year. Tourism is playing an increasingly important role in Portugal's economy, contributing to about 11% of its Gross Domestic Product (GDP).

Tourist hotspots in Portugal are *Lisbon*, *Algarve* and *Madeira*, but the Portuguese government continues to promote and develop new tourist destinations, such as the *Douro Valley*, the *island of Porto Santo*, and *Alentejo*.

In 2005, Lisbon was the second European city after Barcelona, which attracted more tourists, with 7 million visitors sleeping in hotels in the city.

In 2013, the country was ranked on the 20th position among 140 nations surveyed by the Competitiveness Index in Travel and Tourism, 2013,

published by the World Economic Forum. In 2018, Portugal was also voted the *World's Best Tourist Destination* in the *World Travel Awards*.

Landscape, gastronomy, beaches and the friendliness of the population were the criteria used for choosing. The

And do not forget to try a *Pastel de Nata*. Always go very well with expresso coffee. Most tourists in Portugal are British, French, Spanish, Dutch or German origin. Visitors, travel by low cost airliners, and not only seek sun and beaches, but increasingly search for cultural, gastronomic, environmental or nautical experiences (or travel for reasons of business).

The Fossil Cliffs of **Costa da Caparica**, whose name is due to its current position relative to the indented coast line offers beautiful forms of shades of ochre and erosion gullies topped by abundant vegetation.

From the geological point of view, which is the most important element, this cliff formed by a succession of strata and sedimentary rocks, is an interesting testimony of other times.

Great Atlantic beaches with crystal clear water, with long sandy beaches, from *Costa da Caparica* to the *Fonte da Telha*, give this place a huge amount of natural recreation and tourism potential. As for the Forest of Fears, the value of the

publication highlighted the "special charm that is visible in the traditions of the country with cities that combine modernity with visible weight of history, landscapes and beaches that bring us together with Nature".

Owing to humans occupying the territory of Portugal for thousands of years, little is left of the original vegetation. Protected areas of Portugal include one national park, 12 natural parks, nine natural reserves, five natural monuments, and seven protected landscapes, which include the *Parque Nacional da Peneda-Gerês*, the *Parque Natural da Serra da Estrela* and the *Paul de Arzila*.

floristic heritage led to its classification as Protected Landscape Botanical Reserve, statute seeks to protect the whole of the cliff and the Forest of Fears, botanical reserve.

The legend of the Rooster of *Barcelos* tells the story of a dead rooster's miraculous intervention in proving the innocence of a man who had been falsely accused and sentenced to death. The story is associated with the 17th-century Calvary that is part of the collection of the Archaeological Museum located in *Paço dos*

*Condes*, a gothic-style palace in *Barcelos*, a city in the *Braga* District of northwest Portugal. The Rooster of *Barcelos* is bought by many tourists as a souvenir.

Portugal gastronomy is as rich and varied as its landscape. It is the sea that prints the most striking feature of the Portuguese cuisine. Savour a simple grilled fish, always freshest, such as seafood that abounds all along the

coast and we are sure that we are in Portugal. Because it is here that we find the best fish in the world! In meat dishes, a suggestion of the whole country: the Portuguese stew mix meats, vegetables and assorted sausages, cooked juicy way. Each dish has a right wine for company. It is that we have wines throughout the country, and if the Port has fame, dyed *Douro table*, *Alentejo* and many others have no less distinction.

**Sintra** is a town within the municipality of *Sintra* in the Lisbon Region of Portugal. Owing to its 19th-century Romantic architecture and landscapes, it has become a major tourist center, visited

by many day-trippers who travel from the urbanized suburbs and capital of Lisbon.

In addition to the *Sintra Mountains* and *Sintra-Cascais Nature Park*, the parishes of the town of *Sintra* are dotted by royal retreats, estates, castles and buildings from the 8th-9th century, in addition to many buildings completed between the 15th and 19th century, including the *Castelo dos Mouros*, the *Pena National Palace* and the *Sintra National Palace*, resulting in its classification by UNESCO as a World Heritage Site in 1995.

And the cheeses! Just refer the *Sierra*, but all of Central Portugal, the *Alentejo* and *Azores* are delicious. Candy with roots in many convents where they were prepared makes us even today "give thanks to the heavens".

**Almada** is a Portuguese city belonging to the District of Setúbal, Lisbon region and sub-region of the Setúbal Peninsula, being the sixth most populous city of Portugal, with about 175,000 inhabitants.

The "**Cidade de Almada**" City Sports Complex is the focal point of the sporting county network. With a ship with capacity for four thousand spectators, two gymnasiums, a swimming pool and two tanks, sports equipment allows practice many arrangements: between water activities, gymnastic, squash, cardio, combat sports, weight training, basketball, among many others.
